

AFRICA INTERNATIONAL MISSIONS

Postcards from Africa

Roger & Martha Dickson

AIM is about the distribution of Christian literature throughout Africa. We have distributed as much 100 tons a year. We distribute primarily the *Teacher's Bible & Biblical Research Library*.

Volunteers of the churches in Cape Town, South Africa help in the distribution of literature. It is the goal of AIM to uplift Christians wherever they are in the world, specifically in Africa.

We travel Africa. In our travels we encounter many wonderful displays of God's creation. Through Postcards from Africa we send these interesting photographs on to our partners.

Through Postcards from Africa Martha and we seek to share our Africa travel experiences. It is our desire to encourage people to partner with us sharing the precious message of Jesus with the millions of Africa

One of our favorite destinations has always been Namibia. It is a country of geographical contrast, as is witness by this picture of the Namib Desert of Namibia.

Malvin Kivedo and Roger Dickson stranded in the middle of nowhere in Namibia with two flat tires. Not good! One of the wise travel policies of Africa is to always have two spare tyres. On this trip, we did not.
