STBS Brochure

GOAL: We have 5,000 STBS *Master Textbooks* which equals 5,000 students we want to teach in 100 STBS throughout the world. We are establishing two STBS a week.

The STBS curriculum consists of ten courses in a textbook of 410 pages, with a study manual of 126 pages. The *Study New Testament* with the *Encyclopedic Study Guide* completes the curriculum to ground in first principles those who are able to teach others also.

Before the entire curriculum of the STBS is sent out, no more than ten students must first complete **Course 101**, with the textbook, *Finding the Priceless Pearl*.

At the end of the ten course study, students are awarded a *Certificate in Biblical Studies*. Malvin Kivedo, AIM administrator, signs certificates for graduates.

The objective of a STBS is to reach the masses through those dedicated Bible teachers who are teaching the masses. We enroll only those who are teachers of the Bible.

Mandate: We are seeking to teach as many faithful men as possible in as short a time as possible. *Life is too short to hold up too few in a classroom for too long.*
