

AFRICA INTERNATIONAL MISSIONS

Postcards from Africa

Roger & Martha Dickson

We camp throughout Africa. Sometimes we are blessed with good facilities. We must always remember Luke 9:58.

African church parking lot. If you look close, you can tell that it is even paved.

Africans have a great respect for their elders. They do not desert and cast them out when they can no longer function.

And we have lived on the road. This was our Christmas dinner on December 25th in the middle of the Karoo, South Africa.

Not matter how harsh it can be when we are in the wilderness, the beauty of life can still be found if we look for it.

Africa International Missions is in the fair Cape of South Africa. Cape Town was first settled in 1490.
