Imagine! Putting a biblical library of research books on a circular piece of plastic and distributing it free to hundreds of thousands of Bible students worldwide.

Over 400,000 BRL DVDs have been ordered from Taiwan with our labels. They are duplicated in the AIM offices, and then sent to individuals and churches.

When recipients receive the BRL DVD, the MENU offers research books, charts, maps, Bible dictionary, encyclopedia, concordance, songs, and a whole lot more.

The BRL DVD also offers students the *Teacher's Bible*, a commentary of the entire Bible. There are hundreds of other Bible research aids
